A GRAND VIRGINIA DISCOVERY. SOME FOUR MONTHS SINCE, our excellent townsman,
NAPHTALI EZEKIEL, informed us that he had prepared a
hair restorer with which he was experimenting upon his own
head, whose top was entirely bald. We saw him two days
since, and on the place so bald four months since, a fine A. F. BIZZELL. crop of hair has sprung up with a vigorous growth. So convinced is Mr. EZERIEL of the efficacy of his discovery that he has named it "THE INFALLIBLE VIRGINIA HAIR RESTORER." Mr. E. is about going into an extensive manufacture of an article which is destined to prove of anxious

interest to our bald pated friends .- From Richmond Enquirer, December 12th, 1859. This famous article can now be had of the principal Drug-gists. Those persons who desire a fine head of hair, have only to use the restorer according to printed directions on the bottle. Those who have any doubts of its efficacy, can have them removed in a short time, by using the INFALLI-

is not removed. We have labored to find, and have found, an antidote, AYER'S AGUE CURE, which neutralizes this malarious poison in the blood, and stimulates the liver to expel it from the body. As it should, so it does cure this afflicting disorder with perfect certainty. And it does more, or rather does what is of more service to those subject to this infection. If taken in season it expels it from the system as it is absorbed, and thus keeps those who use it free from its attacks; keeps the system in health although exposed to the disease. Consequently it not only cures, but protects from the great variety of affections which are induced by this malignant influence, such as Remittent Fever, Chill Fever, Dumb, or Masked Ague, Periodical Headache, or Billious Headache, Billious Fevers, Neuralgia, Rheumatism, Gout, Blindness, Toothace, Earache, Catarrh Asthma Palpitations, Painful Affections of the Spleen, Hysterics, Colic, Paralysis, and Painful Affections of the Stomach and Bowels, all of which, when arising from this cause, will be found to assume more or less the intermittent type. This "AGUE CURE " removes the cause of these derangements, and cures

This it accomplishes by stimulating the excretories to expel the virus from the system; and these organs by degrees become habited to do this their office of their own accord.— Hence arises what we term acclimatation. Time may accomplish the same end, but often life is not long enough, or is sacrificed in the attempt, while this " AGUE CURE" does it at once, and with safety. We have great reasons to believe this is a surer as well as safer remedy for the whole class of diseases which are caused by the miasmatic infection, than any other which has been discovered; and it has still another important advantage to the public, which is, that it is cheap as well as good. nate Douglas, &c. WASHINGTON, May 3 .- The intelligence that the Democratic National Convention had suspended balloting and had agreed to adjourn, when they adjourn today, to meet at Baltimore on the 18th, the third Monday of June, indicates that the Douglas men were powerless to effect his nomination amidst the present imbroglio. The fact that those remaining with them in convention held to the two-thirds rule, put an estoppel upon their

Mode of Voting in the Charleston Convention. There are many persons, no doubt, unable to explain how the "half votes" are given in the Charleston Convention. For the information of such, let us illustrate THE SUBSCRIBERS have formed a Co-Partnership under the name and style of C. H. ROBINSON & CO., for it: Each congressional district sends two delegates, the transaction of a General Commission and Forwarding but under the rules adopted by that lody, a district is Business. All business entrusted to tkeir care will receive entitled to only one vote. When, therefore, the two delegates vote as a unit-for instance, for Mr. Douglas -they are counted as one; but when they divide, one for Mr. Douglas, and the other for Mr. Guthrie, they

are set down as half for each. This mode of voting secures to each congressional district the full vote to which it is entitled, whereas, in case the two delegates disagreed, there would, under a different rule, be a tie, and therefore no vote be given .-There is nothing new, however, in this mode of voting, as the same course has been pursued by previous democratic national conventions. - Balt.
